INVESTMENT SECURITY

At BCC, we deeply respect the hard-earned money of our investors. Their trust is our top priority, and we safeguard their investments with unwavering commitment. To ensure security, we offer land as collateral, covering 75% of the investment value. This prime land, located in Andhra Pradesh or Telangana, serves as a testament to our dedication to financial safety and transparency.

LAND SECURITY

At BCC, investor security is our top priority. By backing investments with tangible land assets, we provide a solid safeguard against market fluctuations. With land valued at 75% of the investment, peace of mind comes naturally. Additionally, if land is accepted as security, investors enjoy a reduced interest rate of 7.5% instead of 15%. Strategically located in AP and Telangana, these land-backed investments offer stability in thriving real estate markets, ensuring protection and prosperity.
